**THE THIRD ANNUAL
INTERNATIONAL HOME HEALTHCARE
CONFERENCE 2026**

WELCOME MESSAGE

Dear Colleagues,

The Third Annual International Home Healthcare Conference 2026 is pleased to invite you to attend its annual conference, which aims to enhance the quality of home healthcare services in the Kingdom of Saudi Arabia. The conference will feature a variety of scientific programs, research, and training initiatives, as the society seeks to improve the competencies of healthcare professionals in this vital field.

Our collective passion drives us toward this important moment, where we gather to reaffirm our commitment to sharing and exchanging knowledge. We are on the verge of holding a significant conference in Riyadh on 6th & 7th September, 2026.

The conference will include scientific lectures delivered by a distinguished group of experts and specialists, as well as training workshops aimed at developing the skills of healthcare professionals. Additionally, interactive discussion sessions will be held to explore the challenges and opportunities in the field of home healthcare. The conference will also feature an exhibition showcasing the latest technologies and services offered by leading companies and institutions in this field. There will also be excellent networking opportunities to build relationships with colleagues and experts in the sector.

We look forward to your active participation in this important scientific event, which marks a significant step toward improving the level of home healthcare in the Kingdom.

Best regards,
The Organizing Committee

The logo features a stylized house icon above the text "Home Healthcare" in a large, bold, sans-serif font, with "CONFERENCE" in a smaller, spaced-out font below it.

Home Healthcare CONFERENCE

To explore new technologies and practices in home healthcare.

To enhance collaboration among stakeholders in the healthcare system.

To share research findings & case studies related to home healthcare.

To discuss regulatory changes and their implications for home healthcare services.

To foster networking opportunities among attendees.

A close-up photograph of a silver stethoscope resting on a document with Hebrew text and checkboxes. The document appears to be a medical or administrative form.

OBJECTIVES OF
THE CONFERENCE

ABOUT THE SAUDI SCIENTIFIC SOCIETY FOR HOME HEALTHCARE

The Saudi Scientific Society for Home Healthcare was established on 09/09/2021 under the decision of the Board of Trustees of the Saudi Commission for Health Specialties. The society aims to develop and enhance home healthcare services in the Kingdom of Saudi Arabia by improving the quality of care provided to patients in their homes. It also seeks to support healthcare practitioners through innovative training programs and the adoption of the latest practices and innovations in the field.

The society strives to integrate all stakeholders involved in providing home healthcare, with a focus on fostering collaboration among healthcare professionals across different specialties. Additionally, it aims to raise awareness about the importance of home healthcare and its benefits for patients' health and quality of life.

As part of its objectives, the society organizes scientific conferences and training workshops to showcase the latest research and developments in home healthcare. It also launches research projects that contribute to the development of treatment and home care practices in line with the latest global standards. Through these efforts, the society fosters collaboration among professionals and the exchange of knowledge to ensure comprehensive and integrated home healthcare.

GLIMPSES FROM THE PAST

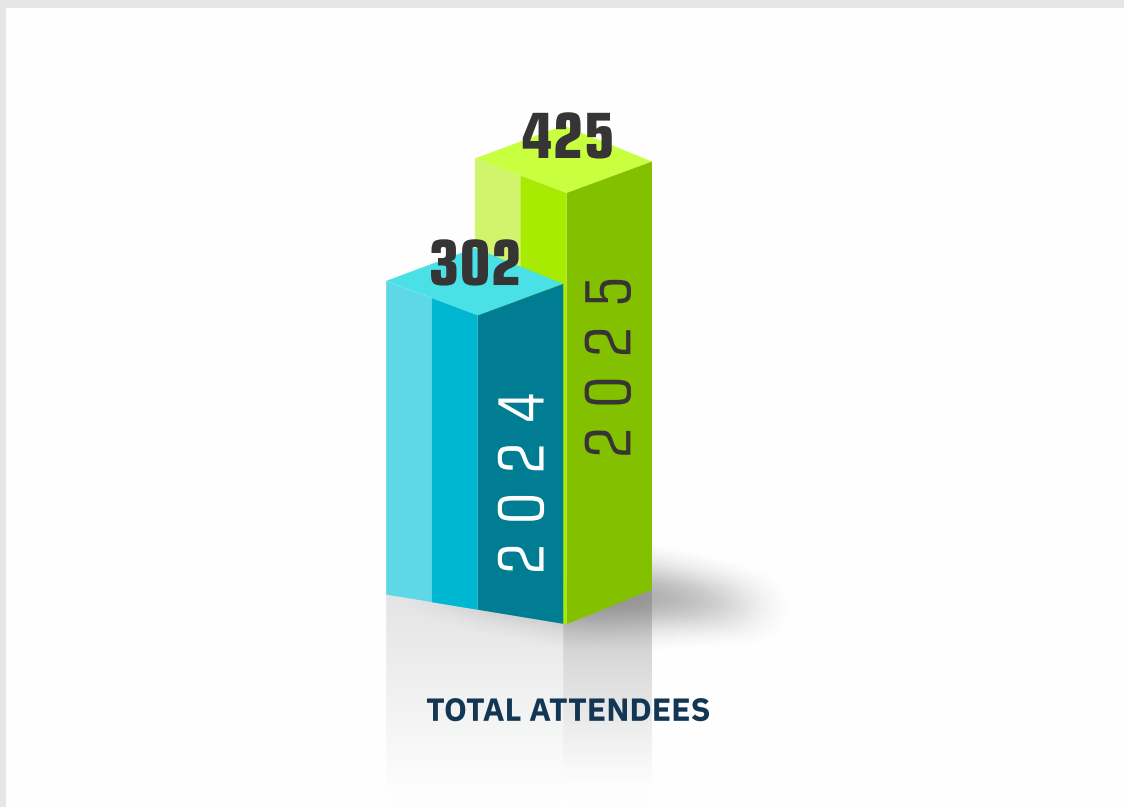

TOWARDS A BETTER FUTURE FOR HOME HEALTHCARE OUR ACHIEVEMENTS IN PAST CONFERENCES

Since its inception, the Home Healthcare Conference has established itself as a leading national platform that brings together vision, professionalism, innovation, and expertise. The first edition was launched in Al-Madinah Al-Munawarah, carrying a human-centered mission to enhance quality of life through home healthcare. The second edition took place in Riyadh, marking a significant step in the conference's expansion and growing national impact.

With each edition, the conference has witnessed rapid growth in participation, high-caliber attendance, and expanded partnerships – reflecting a growing trust from healthcare institutions, organizations, and sponsors year after year. This renewed trust forms the society for a more sustainable and distinguished future in home healthcare across the Kingdom.

Why should your company participate in the Home Healthcare Conference 2026

Because it's your chance to be at the heart of transformation! **The Home Healthcare Conference 2026** brings together industry leaders and decision-makers in one place to participate and showcase your services, expand your network, and gain impactful exposure in front of a specialized audience seeking innovative solutions and reliable partners.

Make the conference your platform to stand out, grow, and shape the future of home healthcare.
